Supplier Quality Alert -Written

Supplier Alert No. 00004

Issued: 11/06/23

To: All Suppliers

Cc: Qarbon Supplier Quality

Subject: Non-conforming product

Requirement:

Nonconforming product is required to be positively identified.

The responsibility of identification lies with the initiator of the nonconformance document. The nonconformance document number must be applied to the associated planning and to the rejected product to maintain full traceability to the rejection.

Note: At point of Source, a CD4020B must be used and included in data pack.

Once the procedure has been updated to include instructions for utilizing the new TIPQA process, the revised procedure will be available and properly referenced in our Supplier Quality Manual (i.e. QA-MAN-0002)
